Contents

1. Prostate Cancer

- [Advice for Patient Requesting PSA test](#)
- [Prostate Cancer tests](#)
- [Prostate Biopsy](#)
- [MRI](#)
- [Transperineal Prostate Biopsy \(BAUS\)](#)
- [Transrectal Ultrasound and biopsies \(BAUS\)](#)
- [Staging scans for Prostate Cancer](#)
- [Just Diagnosed with prostate cancer](#)
- [Localized Prostate Cancer](#)
- [Locally advanced Prostate Cancer](#)
- [External Beam Radiotherapy](#)
- [Hormone Therapy](#)
- [High Dose Rate Brachytherapy](#)
- [Permanent Seed Brachytherapy](#)
- [Radical Prostatectomy](#)
- [Robot assisted Radical Prostatectomy \(BAUS\)](#)
- [Brachytherapy for Prostate Cancer \(BAUS\)](#)
- [TURP For Prostate Cancer \(BAUS\)](#)
- [Active Surveillance For Prostate Cancer \(BAUS\)](#)
- [Cryotherapy](#)
- [HIFU](#)
- [Chemotherapy](#)
- [Active Surveillance](#)
- [Follow- up after prostate Cancer](#)
- [Watchful Waiting](#)

2. [Male LUTS and BPH](#)

- [Male LUTS \(BAUS\)](#)
- [Managing Male LUTS \(BAUS\)](#)
- [Performing a urinary flow rate \(BAUS\)](#)
- [Bladder training \(BAUS\)](#)
- [International prostate symptom score-IPSS \(BAUS\)](#)
- [Input-output chart \(BAUS\)](#)
- [Chronic prostatitis symptom score \(BAUS\)](#)
- [Green Light Laser Prostatectomy](#)

- [Holmium laser enucleation of Prostate \(HoLEP\)](#)
- [Holmium laser incision of bladder neck](#)
- [Incision of Bladder neck](#)
- [Rezum steam ablation of Prostate](#)
- [TURP for benign disease](#)
- [Urolift Procedure](#)
- [Open Removal of Prostate gland for benign disease](#)
- [Prostate artery Embolisation](#)

3. [Management of Catheters](#)

- [Catheter valves](#)
- [Management of a urethral catheter](#)
- [Permanent suprapubic catheter \(women\)](#)
- [Self-catheterisation in men](#)
- [Permanent suprapubic catheter \(men\)](#)
- [Suprapubic catheter insertion](#)
- [Urodynamics](#)
- [Self-catheterisation in women](#)
- [Trial without a catheter \(TWOC\)](#)

4. [Bladder Cancer](#)

- [Flexible Cystoscopy +/- biopsy or stent removal](#)
- [Rigid cystoscopy +/- biopsy or stent removal](#)
 - [Bladder Tumor Resection](#)
 - [Bladder washout for Clots](#)
 - [TURBT \(https://www.macmillan.org.uk/cancer-information-and-support/treatments-and-drugs/transurethral-resection-of-a-bladder-tumour-turbt\)](https://www.macmillan.org.uk/cancer-information-and-support/treatments-and-drugs/transurethral-resection-of-a-bladder-tumour-turbt)
 - [Instillation of anti-cancer drugs into the bladder for chemotherapy](#)
 - [Instillation of BCG into the bladder for immunotherapy](#)
 - [Understanding non muscle invasive bladder cancer](#)
 - [Understanding muscle invasive bladder cancer and advanced bladder cancer](#)
 - [Support for bladder cancer- Fight bladder cancer UK](#)
 - [Radical Cystectomy with bladder replacement \(Men\)](#)
 - [Radical Cystectomy with bladder replacement \(women\)](#)

- [Radical Cystectomy with formation of an ileal conduit \(Men\)](#)
- [Radical Cystectomy with formation of an ileal conduit \(women\)](#)

5. [Incontinence](#)

- [Bladder training](#)
- [Nocturnal Polyuria](#)
- [Treatment options for overactive bladder](#)
- [Treatment options for stress urinary incontinence](#)
- [Pelvic floor exercises in women](#)
- [Pelvic floor exercises in men](#)
- [Botulinum Toxin-A injections into the bladder wall](#)
- [Urodynamics investigations](#)
- [Sacral neuromodulation](#)
- [Enlargement of bladder with a piece of bowel \(enterocystoplasty\)](#)
- [Simple cystectomy with formation of ileal conduit](#)
- [Living with urostomy](#)
- [Mitrofanoff procedure \(creation of catheterisable urinary stoma\)](#)
- [Urethral Bulking](#)
- [Autologous sling procedures for SUI](#)
- [Insertion of synthetic slings for SUI](#)
- [Colposuspension for SUI](#)
- [Insertion of AUS in men](#)
- [Insertion of AUS in women](#)
- [Removal of retropubic mesh slings](#)
- [Removal of transobsturator or single incision mini slings](#)
- [Synthetic sling safety advice \(MHRA\)](#)
- [Treating complication from mesh used for pelvic organ prolapse- a patient decision aid](#)
- [Treating complications for SUI- a patient decision aid](#)
- [Vaginal fistula repair \(vaginal\)](#)
- [Vaginal fistula repair \(abdominal\)](#)

6. [Miscellaneous bladder conditions](#)

- [Interstitial cystitis](#)
- [Self-help information for women with recurrent cystitis](#)
- [Hydrodistention of bladder](#)
- [Bladder neck dilatation in women](#)
- [Instillation for painful bladder conditions](#)

7. Kidney and adrenal procedures

- Adrenal procedures
 - Laparoscopic removal of adrenal gland
 - Open removal of adrenal gland
- Laparoscopic procedures on your kidneys
 - Laparoscopic or open de-roofing of a simple kidney cyst
 - Laparoscopic radical removal of kidney (for suspected cancer)
 - Laparoscopic removal of the kidney for benign disease (simple nephrectomy)
 - Laparoscopic removal of the whole kidney and ureter (nephroureterectomy)
 - Laparoscopic removal of part of the kidney (partial nephrectomy)
 - Partial removal of the kidney (robotic)
 - Partial removal of the kidney (laparoscopic)
- Open procedures on your kidneys
 - Cryoablation (freezing) of a renal tumour
 - Radical removal of a kidney (for suspected cancer)
 - Open removal of the kidney for benign conditions (simple nephrectomy)
 - Partial removal of the kidney (open)
 - Radical removal of the kidney and ureter
- Radiological procedures of your kidney
 - Percutaneous nephrostomy tube insertion
 - Radiofrequency ablation (heating) of a renal tumour
- Miscellaneous procedures
 - Drainage of an abscess or haematoma
 - Removal or biopsy of skin lesion
- Kidney cancer support
- UTUC support
- Reconstruction of kidney pelvis (robotic)
- Reconstruction of kidney pelvis (Open)
- Reconstruction of Ureter
- Ureterolysis for retroperitoneal fibrosis
- Diagnostic ureteroscopy
- Endopyelotomy (Laser)

8. Penis procedures

- Erectile dysfunction (impotence)
 - Drainage of the penis for priapism
 - Implantation of penile prosthesis
 - Penile injections for erectile dysfunction
 - Repair of a fractured penis
- Penile straightening procedures
 - Penile straightening (for erectile deformity)
- Penile cancer surgery
 - Penile cancer procedures
- Surgery on your foreskin
 - Circumcision
 - Dorsal slit of the foreskin
 - Frenuloplasty
 - Removal or biopsy of a skin lesion
 - Freeing on the foreskin (preputial) adhesions
- External urinary opening (meatus)
 - Meatal dilatation
 - Meatoplasty
 - Removal or biopsy of meatal lesion
- Non-procedural penis information
 - Erectile dysfunction (treatment options)
 - Peyronie's disease
 - Phosphodiesterase (PDE-%) inhibitors for erectile dysfunction
 - Vacuum erection assistance devices

9. Procedures for Stones

- Kidney stones
 - Percutaneous (keyhole) removal of stone from kidney
- Surgery for ureteric stones
 - Laparoscopic ureterolithotomy
 - Ureteric stent insertion
 - Ureteroscopy for stone(s)
- Shockwave lithotripsy (ESWL)
 - ESWL for kidney and ureteric stones
- Insertion of an extra-anatomic ureteric stent
- Non procedural stone information
 - Advice to patients with a ureteric stent

- [Dietary advice to recurrent stone formers](#)
- [Information about cystinuria](#)

10. Testis and scrotal procedures

- [Understanding testicular cancer](#)
- [Surgery for benign scrotal conditions](#)
 - [Biopsy of testis +/- storage of tissue](#)
 - [Embolisation \(radiological\) of varicocele](#)
 - [Ligation of varicocele \(Laparoscopic\)](#)
 - [Ligation of varicocele \(open\)](#)
 - [Exploration for suspected torsion of the testis](#)
 - [Fixation of one \(or both\) retractile testicle\(s\)](#)
 - [Insertion of an artificial testis \(prosthesis\)](#)
 - [Laparoscopic clipping/tying of a varicocele](#)
 - [Open clipping/tying of varicocele](#)
 - [Orchidopexy for an undescended testis](#)
 - [Removal of a cyst from the epididymis](#)
 - [Removal of part or all of an epididymis](#)
 - [Repair of congenital hydrocele/hernia](#)
 - [Repair of an adult hydrocele](#)
 - [Simple \(scrotal\) removal of a testis +/- silicone implant](#)
 - [Vasectomy](#)
 - [Vasectomy reversal](#)
- [Surgery for suspected testicular cancer](#)
 - [Radical removal of a testis through the groin +/- silicone implant](#)
 - [Retroperitoneal excision of abdominal lymph nodes](#)
- [Non-procedural testis and scrotum information](#)
 - [Chronic testicular pain due to epididymitis](#)
 - [Instructions of testicular self-examination](#)

11. Fertility and infertility procedures

- [Ejaculation disorder](#)
 - [Electroejaculation](#)
 - [Urinary and sexual problems following pelvic trauma](#)
- [Vasectomy and vasectomy reversal](#)
 - [Vasectomy](#)
 - [Varicocele ligation \(open\)](#)
 - [Varicocele embolization \(radiological\)](#)
 - [Varicocele ligation \(laparoscopic\)](#)

12. Urethra procedures

- Surgery for urethral strictures
 - General information about urethral stricture disease
 - Meatotomy or meatoplasty
 - Optical urethrotomy (for urethral stricture)
 - Perineal urethrostomy
 - Urethral dilatation
- Surgery for urethral lesions
 - Open removal of a urethral lesion
 - Removal of a diverticulum (outpouching) from the urethra
 - Urethrectomy (removal of the urethra)

Advice for Patient Requesting PSA test

Prostate Cancer tests

Prostate Biopsy

MRI

Transperineal Prostate Biopsy (BAUS)

Transrectal prostate Ultrasound and biopsies (BAUS)

Staging scans for Prostate Cancer

Just Diagnosed with prostate cancer

Localized Prostate Cancer

Locally advanced Prostate Cancer

External Beam Radiotherapy

Hormone Therapy

High Dose Rate Brachytherapy

Permanent Seed Brachytherapy

Radical Prostatectomy

Robot assisted Laparoscopic Radical Prostatectomy (RALP)

Brachytherapy Planning for Prostate Cancer (BAUS)

TURP For Prostate Cancer (BAUS)

Active Surveillance

Cryotherapy

HIFU

Chemotherapy

Active Surveillance

Follow- up after prostate Cancer

Watchful Waiting

Male LUTS and BPH

Male LUTS (BAUS)

Managing Male LUTS (BAUS)

Performing a urinary flow rate (BAUS)

Bladder training (BAUS)

International prostate symptom score-IPSS (BAUS)

Input-output chart (BAUS)

Chronic prostatitis symptom score (BAUS)

Green Light Laser Prostatectomy

Holmium laser enucleation of Prostate (HoLEP)

Holmium laser incision of bladder neck

Incision of Bladder neck

Rezüm steam ablation of Prostate

TURP for benign disease

Urolift Procedure

Open Removal of Prostate gland for benign disease

Prostate artery Embolisation

Management of Catheters

Catheter valves

Management of a urethral catheter

Permanent suprapubic catheter (women)

Self-catheterisation in men

Permanent suprapubic catheter (men)

Suprapubic catheter insertion

Urodynamics

Self-catheterisation in women

Trial without a catheter (TWOC)

Bladder Cancer

Flexible Cytoscopy +/- biopsy or stent removal

Rigid cystoscopy +/- biopsy or stent removal

Bladder Tumor Resection

Bladder washout for Clots

TURBT (<https://www.macmillan.org.uk/cancer-information-and-support/treatments-and-drugs/transurethral-resection-of-a-bladder-tumour-turbt>)

Instillation of anti-cancer drugs into the bladder for chemotherapy

Instillation of BCG into the bladder for immunotherapy

Understanding non muscle invasive bladder cancer

Understanding muscle invasive bladder cancer and advanced bladder cancer

Support for bladder cancer- Fight bladder cancer UK

Radical Cystectomy with bladder replacement (Men)

Radical Cystectomy with bladder replacement (women)

Radical Cystectomy with formation of an ileal conduit (Men)

Radical Cystectomy with formation of an ileal conduit (women)

Incontinence

Bladder training

Nocturnal Polyuria

Treatment options for overactive bladder

Treatment options for stress urinary incontinence

Pelvic floor exercises in women

Pelvic floor exercises in men

Botulinum Toxin-A injections into the bladder wall

Urodynamics investigations

Sacral neuromodulation

Enlargement of bladder with a piece of bowel (enterocystoplasty)

Simple cystectomy with formation of ileal conduit

Living with urostomy

Mitrofanoff procedure (creation of catheterisable urinary stoma)

Urethral Bulking

Autologous sling procedures for SUI

Insertion of synthetic slings for SUI

Colposuspension for SUI

Insertion of AUS in men

Insertion of AUS in women

Removal of retropubic mesh slings

Removal of transobsturator or single incision mini slings

Synthetic sling safety advice (MHRA)

Treating complication from mesh used for pelvic organ prolapse- a patient decision aid

Treating complications for SUI- a patient decision aid

Vaginal fistula repair (vaginal)

Vaginal fistula repair (abdominal)

Miscellaneous bladder conditions

Interstitial cystitis

Self-help information for women with recurrent cystitis

Hydrodistention of bladder

Bladder neck dilatation in women

Instillation for painful bladder conditions

Kidney and adrenal procedures

Adrenal procedures

Laparoscopic removal of adrenal gland

removal of adrenal gland

Laparoscopic procedures on your kidneys

Laparoscopic or open de-roofing of a simple kidney cyst

Laparoscopic radical removal of kidney (for suspected cancer)

Laparoscopic removal of the kidney for benign disease (simple nephrectomy)

Laparoscopic removal of the whole kidney and ureter (nephroureterectomy)

Laparoscopic removal of part of the kidney (partial nephrectomy)

Partial removal of the kidney (robotic)

Partial removal of the kidney (laparoscopic)

Open procedures on your kidneys

Cryoablation (freezing) of a renal tumour

Radical removal of a kidney (for suspected cancer)

Open removal of the kidney for benign conditions (simple nephrectomy)

Partial removal of the kidney (open)

Radical removal of the kidney and ureter

Radiological procedures of your kidney
Percutaneous nephrostomy tube insertion

Radiofrequency ablation (heating) of a renal tumour

Miscellaneous procedures

Drainage of an abscess or haematoma

Removal or biopsy of skin lesion

Kidney cancer support

UTUC support

Reconstruction of kidney pelvis (robotic)

Reconstruction of kidney pelvis (Open)

Reconstruction of Ureter

Ureterolysis for retroperitoneal fibrosis

Diagnostic ureteroscopy

Endopyelotomy (Laser)

Penis procedures

Erectile dysfunction (impotence)

Drainage of the penis for priapism

Implantation of penile prosthesis

Penile injections for erectile dysfunction

Repair of a fractured penis

Penile straightening procedures
Penile straightening (for erectile deformity)

Penile cancer surgery
Penile cancer procedures

Surgery on your foreskin

Circumcision

Dorsal slit of the foreskin

Frenuloplasty

Removal or biopsy of a skin lesion

Freeing on the foreskin (preputial) adhesions

External urinary opening (meatus)

Meatal dilatation

Meatoplasty

Removal or biopsy of meatal lesion

Non-procedural penis information
Erectile dysfunction (treatment options)

Peyronie's disease

Phosphodiesterase (PDE-%) inhibitors for erectile dysfunction

Vacuum erection assistance devices

Procedures for Stones

Kidney stones

Percutaneous (keyhole) removal of stone from kidney

Surgery for ureteric stones
Laparoscopic ureterolithotomy

Ureteroscopy for stone(s)

Shockwave lithotripsy (ESWL)

ESWL for kidney and ureteric stones

Insertion of a ureteric stent

Insertion of an extra-anatomic ureteric stent

Non procedural stone information
Advice to patients with a ureteric stent

Dietary advice to recurrent stone formers

Information about cystinuria

Testis and scrotal procedures

Understanding testicular cancer

Surgery for benign scrotal conditions

Biopsy of testis +/- storage of tissue

Embolisation (radiological) of varicocele

Ligation of varicocele (Laparoscopic)

Ligation of varicocele (open)

Exploration for suspected torsion of the testis

Fixation of one (or both) retractile testicle(s)

Insertion of an artificial testis (prosthesis)

Laparoscopic clipping/tying of a varicocele

Open clipping/tying of varicocele

Orchidopexy for an undescended testis

Removal of a cyst from the epididymis

Removal of part or all of an epididymis

Repair of congenital hydrocele/hernia

Repair of an adult hydrocele

Simple (scrotal) removal of a testis +/- silicone implant

Vasectomy

Vasectomy reversal

Surgery for suspected testicular cancer

Radical removal of a testis through the groin +/- silicone implant

Retroperitoneal excision of abdominal lymph nodes

Non-procedural testis and scrotum information

Chronic testicular pain due to epididymitis

Instructions of testicular self-examination

Fertility and infertility procedures

Ejaculation disorder

Electroejaculation

Urinary and sexual problems following pelvic trauma

Vasectomy and vasectomy reversal

Vasectomy

Varicocele ligation (open)

Varicocele embolization (radiological)

Varicocele ligation (laparoscopic)

Urethra procedures

Surgery for urethral strictures

General information about urethral stricture disease

Meatotomy or meatoplasty

Optical urethrotomy (for urethral stricture)

Perineal urethrostomy

Urethral dilatation

Surgery for urethral lesions

Open removal of a urethral lesion

Removal of a diverticulum (outpouching) from the urethra

Urethrectomy (removal of the urethra)
